For the ceremony and the wedding breakfast speeches, having the room as bright as possible will improve the video quality.

Similarly, audio recording can pick up unwanted noise such as mobile phones ringing, coughing etc. Care will be taken to record your audio using professional equipment.

The editing of the video is at the discretion of Cosmic Egg Productions although every effort will be made to incorporate any suggestions by you the customer. The completed video will be delivered to you within 4 weeks of the event. Music that has the appropriate licence will be supplied by Cosmic Egg Productions.
